

## **SERVICE BULLETIN NO. 4**

### **1997 Dodge 3500 Chassis Cab 4x4 Vehicles**

with AHD Preparation Package

Frame Attachment

**KIT NO. 81013**

### **A NEW BOXED FRONT CROSSMEMBER**

Dodge has made a late running change in the front crossmember of their 1997 model 3500 Chassis Cab Ram 4 x 4 vehicles. The front crossmember is now boxed.

The mounting frame (Part No. 815000 084) found in the frame attachment **Kit No. 81013** will no longer fit onto the cross-member of vehicles manufactured during and after **October, 1996**.

A new mounting frame and frame attachment kit will be necessary to fit these later production vehicles.

**Diamond Equipment will notify you as soon as a new Frame Attachment Kit is available.**
