2	8		#10-32 x 5/8 Machine Screw SS	4	8		10-32 Hex Locknut GB
SS = Stainless Steel				G = Grade			

**⚠ CAUTION**

Read this document before installing the nylon strap kit.

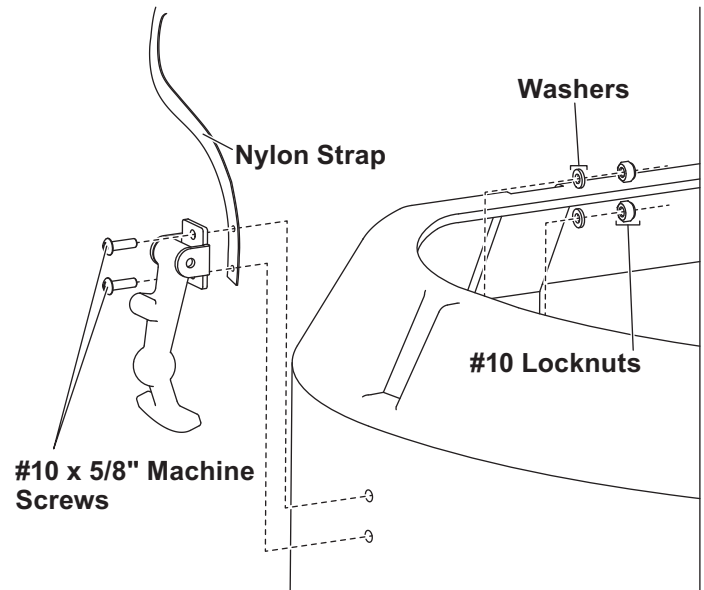

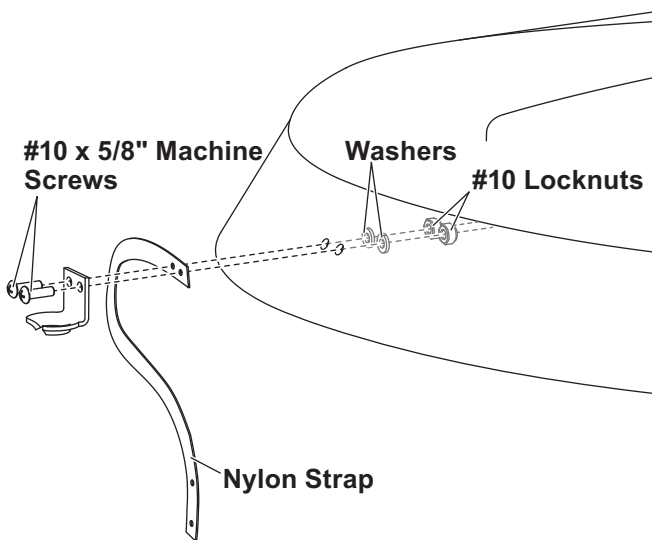

**⚠ CAUTION**

Use standard methods and practices when attaching spreader and installing accessories including proper personal protective safety equipment.

**INSTALLATION INSTRUCTIONS**

1. Park the vehicle on a smooth, level, hard surface, such as concrete. Turn the vehicle ignition to the "OFF" position and remove the key.
2. Remove and discard old straps and hardware.
3. Find the end of the new nylon strap with the holes spaced closer together. Align this end with the holes in the hopper lid, such that the rest of the strap is towards the truck. The strap end should be placed between the rubber latch keeper bracket and the lid. Fasten using two #10 x 5/8" screws, two flat washers and two #10 locknuts. Repeat on other side.

4. Align the other end with the holes in the hopper tub. The strap should be placed between the rubber latch assembly and the tub. Fasten using two #10 x 5/8" screws, two flat washers and two #10 locknuts. Repeat on other side.
